

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I would like to offer my concerns about the FCC proposal to relax the restrictions on the use of cell phones on airplanes in flight.

Please leave the present rules in effect.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively.

And, last but not least, cell phones and their overly loud users are obnoxious~!

Sincerely,

Sally Schroeder
